Note: 1) Total 28 pages (without Dashboard)

2) If we want to develop as similar to the existing site, then it will take 7 – 10 days, Although I don't know nothing about Member's dashboard.

3) I watched 3/4 yacht club sites of Australia, all are more or less same as RPYC.

4) Some special features like, "Online Member Ship", "Racing " etc.

Actually, I have no idea about such yacht club's activities, so can't suggest anything from myself.
